

Hope for Kajiado

2022 Annual Report

Assisting the poor and elderly impacted by the drought through a food outreach program

My name is Enock Kararei from Meto area.

I'm really grateful for the support that you have given us during this drought season.

Thank you very much.

Alleviate poverty and disease for children in East Africa by providing for their physical, educational and spiritual needs.

We believe every child deserves hope. By supporting Hope For Kajiado, you make a daily difference in their life and in their community. Our donors are truly blessed to be a blessing to others. Through your support, we help children grow healthy and strong so they can reach their potential. Hundreds of the children growing up at KCH have grown into responsible adults who make a difference in their community.

Kenya is experiencing the worst drought in forty years. As of the end of 2022, they had not received any substantial rain since March 2021. Thanks to our donors, a Community Food Outreach Fundraiser provided a month's worth of groceries for 200 families to feed children, widows and elderly most impacted by the drought. Please pray that God sends rain soon.

We are excited to break ground on a new school on the campus of KCH. This school will provide a better education for vulnerable children at risk. We will provide an update on progress of approvals and new drawing plans during the first quarter of 2023. Our goal is to have the school completed by the end of 2023.

KCH continues to serve as a rescue center for Kenya Child Services. In 2022, KCH was a safe haven for ten children on a temporary basis. These children stayed at KCH for as little as a week or up to 6 months before suitable care and shelter could be identified.

We cannot do this important work without you. Your care and compassion provides these children with hope... hope for food, shelter, loving care... and hope for education, medical care and spiritual nourishment.

Thank you.

Thank you for making a difference

Communicating with kids

Exchanging letters is a fun and easy way to connect for child sponsors! Letters are shared electronically throughout the year. We encourage participation in the annual mission trips to spend time with the children to share faith and encouragement.

Sponsors can mail letters for their child as often as you like to

Hope For Kajiado

4009 Corning Place, Ste E2234
Charlotte, NC 28216

- or send by email to
info@hope4kajiado.org

If mailed, the letters are scanned and emailed to KCH. They print and give it to the child. All original sponsor letters are carried to KCH by the mission trip team.

Children's letters are written 3-4 times per year, scanned and emailed to HFK, who forwards the child letter(s) to sponsors.

Sending packages by mail is unreliable due to their location (and postal system!). Annually, mission teams take checked bags packed with clothing, toys, letters, etc. We visit Kajiado Children's Home and Light Foundation each year. The children have few personal possessions (which fit into a foot locker kept in their dorm), so personalized letters are very special for them.

Donate today

Thank you for your kindness.

In November 2022, Hope For Kajiado raised \$10,000 to provide a month's groceries for 200 vulnerable families most impacted by the drought.

Kajiado campus had no grass or leaves on trees.

When visiting, seeing the cattle was heartbreaking.

KCH staff delivered a month's groceries to 200 families.

Since opening in 1997, hundreds of children growing up at KCH broke the chains of poverty and disease in their life and grew up to be responsible Christians who make a difference in their community.

Today, Hope For Kajiado supports over 100 children through Kajiado Children's Home, including 20 new orphans admitted in January 2023.

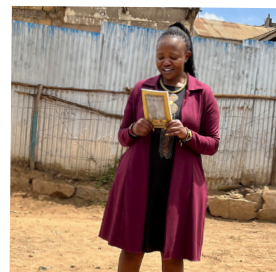

Children are supported from age 3 in our nursery program through college. Today, 71 children attend nursery through 8th grade. 20 students attend high school as a boarding student and return to KCH during school breaks to attend mentoring sessions.

During 2022 donors continued their support of 16 students attending college or vocational training. 3 of those students completed their vocational training in 2022 to learn a trade in plumbing, dress making and hair dressing.

Our goal is to provide opportunities for training needed to support themselves.

Light Foundation Nairobi, Kenya

The foundation empowers children in rural areas who are not in school. In January 2018, Laura founded a school in Nairobi to help young children, including refugees from the Congo, to learn in a Christian-based environment.

Havillah School provides education for children in a safe environment. Hope For Kajiado sponsors four children who are refugees from the Congo.

2022 HOPE FOR KAJIADO FINANCIAL REPORT

Hope For Kajiado 2022 Financial Review

General Income :

Cash income:	2021 Balance	2022 Income
- Unrestricted Funds	\$ 54,167.63	\$ 117,304.37
- General Fundraising	\$	\$ 33,303.37
- Capital/School Project	\$ 63,287.47	\$ 116,009.72
- Mission Trip Fundraising	\$ 11,668.47	\$ 6,443.96
TOTAL	\$ 129,123.57	\$ 273,061.42

Expenses - 2022:

- Grants (to support children/projects in Kenya) (granted from Unrestricted Funds and General Fundraising: \$150,608)	\$ 138,965.80
- Annual Operating Costs (breakdown below)	\$ 7,305.32

- Supplies	\$ 380.07
- Professional Fees/License	\$ 1,502.13
- Fundraising Costs	\$ 412.86
- Mission Trip Expenses (including wires to Kenya)..... (travel expenses donated by participants)	\$ 5,353.14
TOTAL EXPENSES	\$ 151,624.26

(Note: capital/school project funds held in reserve for school building in 2023)

2023 Primary/Junior High School capital project plan:

We ask for your continued support and prayers for the primary/ junior high school to better prepare our kids for national exams and thus be more successful in secondary school. Due to the impact of COVID, inflation and material costs, our building costs have increased 17% since we began fundraising 3 years ago. We are researching ways to maximize savings during the building process, while still planning for quality programs/education for vulnerable children. This school will create an income stream from paying students seeking a higher quality of education, to help supplement the operating costs of the school, but we know it will take at least two years to build that reputation. We also need to raise money for classroom furniture and teaching tools to install upon completion of the school.

We appreciate your continued financial and prayerful support to make a difference in the lives of these children.

Hope For Kajiado Board of Directors

• Officers (Charlotte, NC)

- Gaye List, Chairman
- Donna Walter, Secretary
- Todd Hodgin, Treasurer
- Jennifer Naddell, Communications

• At Large Directors

- John Chao, Charlotte, NC
- Bethanne Kopplin, Leesburg, FL
- David Lysterly, Charlotte, NC
- Jason Naddell, Charlotte, NC
- Doug Rupp, Archbold, OH
- Pede Self, Charlotte, NC
- Crissi Stuckey, Archbold, OH
- David Stuckey, Archbold, OH

The board of directors are a group of volunteer professionals dedicated to transparency and integrity in business practices.

Who are our donors?

• Individuals

- 6 donors in 3 states cover HFK operating expenses with their remaining donations supplementing support to Kajiado Children's Home.
- 103 child sponsors in 9 states (25 sponsors support more than 1 child)
- 100% of these donations are sent to KCH
- Individuals participating in various fundraising events throughout the year (makes up difference between sponsorship donations and actual cost to support child)

• Church Partners:

- Cooks Memorial, Charlotte, NC
- Covenant Life, Sarasota, FL
- Crosspoint Church, Boone, NC
- Graceway Church, Leesburg, FL
- Hamilton Church, Pittsburgh, PA
- St Johns Church, Archbold, OH
- Siler Church, Waxhaw, NC

• Granting organizations (various)

email: info@hope4kajiado.org

web: www.hope4kajiado.org

To give: <https://hope4kajiado.networkforgood.com>

The campus of Kajiado Children's Home includes:

- (1) a two-story dormitory for the children
(boy and girl sides of the dorm have separate entrances and their
sleep areas are cleaned by the children each Saturday morning)
- (2) a dining hall (where they eat and study)
- (3) a multipurpose hall (where tutoring classes are held during
the week and worship services are held on Sundays)
- (4) a nursery & kindergarten (2-room building) next to play ground
(where 40-50 children, too young for primary school, learn their abc's,
colors, numbers and how to write. This is open to the community.)
- (5) additional buildings include administration, staff housing, and
three guest houses for mission team and/or visitors.
- (6) large garden area includes two greenhouses and farmed land.
The growing season is short due to drought conditions, so the
greenhouses allow for more crops!
- (7) livestock areas includes two areas for cows, chickens and rabbits.
Milk and eggs provide a daily source of nutrition for the
children, and the rabbits are harvested monthly for a good
source of protein.

Capital Project Initiative for 2023

We will break ground on a school for 1st-9th grades on the KCH
campus. We have raised most of the funds needed for the build-
ing, and now turn our attention to the furnishings needed for
each classroom. We plan to serve 30 students in each primary
classroom from 1st through 6th grades, in addition to junior high
classes 7th-9th. We will also offer classes in music and art.

Existing classrooms are overcrowded at the local school, and they
have inadequate resources to build core skills to be successful.

Children must
walk 25 minutes
and cross a busy
highway to get to
the local primary
school.

We have reached our 3-year
goal of \$250,000 as of the end
of January 2023, and seek your
support and prayers to raise
additional funds to cover
material price increases and
furnishings for the school.
Thank you.
